Press Statement

Khaled Khoja

President of the Syrian Coalition

February 03, 2015

Following the release of a video purporting to show the Jordanian pilot Moaz al-Kasabeh being burned alive by ISIS terrorists, president of the Syrian Coalition said:

“I was utterly horrified to hear about the news of the murder of Jordanian pilot Moaz al-Kasasbeh. If verified, this has to be one of most barbaric act of savagery ISIS thugs have ever committed. It symbolises the pure evil the terrorist group represents, and the levels of depravity to which they are prepared to sink. My thoughts and prayers are with the family of Moaz al-Kasasbeh.”
