Statement

June 28, 2021 - Ottawa, Ontario - Global Affairs Canada

The text of the following statement was released by the Governments of the United States of America, Italy, Canada, Egypt, France, Germany, Greece, Iraq, Ireland, Japan, Jordan, Lebanon, Netherlands, Norway, Qatar, Saudi Arabia, Turkey, UAE, the United Kingdom, and representatives of the Arab League and European Union, which met today to discuss the crisis in Syria.

“We, the ministers and representatives of the United States, Italy, Canada, Egypt, France, Germany, Greece, Iraq, Ireland, Japan, Jordan, Lebanon, Netherlands, Norway, Qatar, Saudi Arabia, Turkey, UAE, the United Kingdom, and representatives of the Arab League and European Union, met today on the margins of the Defeat ISIS Coalition Ministerial to discuss the crisis in Syria. We stressed the critical importance of meeting humanitarian needs, including life-saving assistance and COVID-19 response for all Syrians in need, through all modalities, including through the provision and expansion of the UN cross-border mechanism to which there is no adequate alternative. We also underlined the importance of continued support to Syrian refugees and host countries until Syrians can voluntarily return home with safety and dignity, in line with UNHCR standards.

“We welcomed UN Special Envoy Geir Pedersen’s briefing and reaffirmed strong support for UN-led efforts to implement all aspects of UN Security Council Resolution 2254, including continued support for an immediate nation-wide ceasefire, the unimpeded and safe delivery of aid, and the Constitutional Committee, as well as fighting against terrorism in all its forms and manifestations.

“Reaffirming the unity and territorial integrity of Syria, we remain committed to continue working actively to reach a credible, sustainable, and inclusive political solution based on Resolution 2254. This is the only solution that will bring an end to Syria’s decade long conflict and guarantee the security of the Syrian people and fulfil their aspirations.”
