Introduction

1. This Report of the Secretariat of the 1954 Convention for the Protection of Cultural Property in the Event of Armed Conflict (hereinafter “the Hague Convention”) is divided into two parts, each one corresponding respectively to activities carried out by the Secretariat during the period from December 2013 to December 2014 (I), and from December 2014 to 30 September 2015 (II). This division has been applied in the interest of efficiency, as meetings of three statutory bodies of the Hague Convention and its two Protocols will take place from 8 to 11 December 2015: (i) the 11th Meeting of the High Contracting Parties to the Hague Convention (the morning of 8 December 2015); (ii) the 6th Meeting of the Parties to the Second Protocol to the Hague Convention adopted at The Hague in 1999 (hereinafter “the Second Protocol”) (8 - 9 December 2015); and (iii) the 10th Meeting of the Committee for the Protection of Cultural Property in the Event of Armed Conflict (hereinafter “the Committee”) (10 - 11 December 2015). This practice, therefore, makes it possible to submit a single report on the activities of the Secretariat for the attention of these three statutory bodies.
2. It should be noted that this is not an exhaustive report of all activities by the Secretariat. Indeed, several activities of the Secretariat are described in separate documents prepared as appropriate to the meetings of the three statutory bodies. The information contained herein has been updated as of 30 September 2015.
- I. **Activities carried out between the 10th Meeting of the High Contracting Parties to the Hague Convention and the 5th Meeting of the Parties to the Second Protocol, held in December 2013, and the 9th Meeting of the Committee, held in December 2014**
 - A. **Promotion of ratification of the Hague Convention and its two Protocols**
 3. New Zealand became a party to the First and Second Protocols to the Hague Convention on 17 October 2013 and 23 October 2013, respectively. In addition, Morocco ratified the Second Protocol on 5 December 2013.
 4. As a follow-up to the recommendation of the 10th Meeting of the High Contracting Parties, the Chairperson of the Committee and the Secretariat met with a number of Permanent Delegations to encourage their respective governments to become party to the three instruments.
 - B. **UNESCO’s action for Iraq and Syria**
 - i. **UNESCO’s action for Iraq**
 5. On 17 July 2014, an Emergency Expert Meeting for the Safeguarding of Iraq’s Cultural Heritage was convened by the Director-General at UNESCO’s Headquarters in Paris.
 6. On 10 November 2014, the Director-General transmitted a series of letters to States participating in the armed conflict in Iraq (Australia, Belgium, Canada, Denmark, France, the Netherlands, the United Kingdom and the United States of America) calling attention to the Iraq cultural sites inscribed on UNESCO’s World Heritage List, as well as those on the Tentative List, including their geographic coordinates.
 - ii. **UNESCO’s action for Syria**
 7. On 26 - 28 May 2014, the Secretariat organized an international experts meeting to help rally the International Community to safeguard Syria’s cultural heritage, coordinate action and refine the Action Plan. As a result, participants agreed to establish an observatory in Beirut to monitor and assess the state of Syria’s cultural heritage.

iii. UNESCO's joint action for Iraq and Syria

8. In October of 2014, the Secretariat created a Task Force to ensure overall monitoring and coordination of the situation on the ground and develop and advise the Director-General on strategies to more efficiently and better prepare and respond to emergencies in Iraq and Syria.
9. On 3 December 2014, a high-level international conference on "Heritage and Cultural Diversity at Risk in Iraq and Syria" was held at the UNESCO Headquarters.¹ The Chairperson of the Committee moderated the second panel of the conference, on "Protecting Cultural Heritage in Iraq and Syria: a Security Imperative"

10. The Chairperson of the Committee met the Chairperson of the Subsidiary Committee of the Meeting of States Parties to the 1970 Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property (hereinafter "the 1970 Convention") to discuss the possible improvement of the protection of cultural property through synergies existing between the Hague Convention and its two Protocols and the 1970 Convention.
11. The Chairperson of the Committee also participated as one of the speakers at the International Conference on the 1972, 2003 and 2005 UNESCO Conventions held in Bergen (Norway) from 24 to 26 March 2014, in order to present the synergies to be implemented between these Conventions and the 1954 Hague Convention, including its two Protocols.

ii. Synergies with the World Heritage Convention

12. To develop synergies between the Second Protocol and the Convention concerning the Protection of the World Cultural and Natural Heritage (hereinafter "the World Heritage Convention"), the Secretariat and the Chairperson met the Secretariat of the World Heritage Convention on potential modifications to the nomination forms for inscription on the World Heritage List in order to allow States that are party to both the World Heritage Convention and the Second Protocol to apply, at their convenience, simultaneously for inscription on the World Heritage List and on the List of Cultural Property under Enhanced Protection. An integrated approach to periodic reporting was considered more appropriate. A follow-up to this initiative is discussed below in Section II(C)(ii).

iii. Strengthening of partnerships with stakeholders concerned with the protection of cultural property in the event of armed conflict

13. In March and June of 2014, the Chairperson of the Committee convened representatives of UNESCO, the International Committee of the Red Cross and the International Committee of the Blue Shield to form an international discussion platform on all matters related to the protection of cultural property in the event of armed conflict, including communication in case of emergency. The main objective of the platform is to (i) disseminate information to all

stakeholders involved in protection of cultural heritage; (ii) strengthen cooperation for joint actions, including in times of armed conflict; and (iii) enhance the work of the National Committees of the Blue Shield, UNESCO National Commissions and National Committees established under Resolution II adopted by the Hague Conference of 1954. In 2015, the platform was not convened.

C. Synergies between the Second Protocol and other conventions

i. Synergies with the Culture Conventions

40. At the 39th session of the World Heritage Committee held in Bonn (Germany) from 28 June to 8 July 2015, the World Heritage Committee requested, by its Decision 38 COM 11, "that the World Heritage Centre and the Advisory Bodies, in consultation with the Secretariat of the Hague Convention (1954), consider options for further developing concrete synergies and coordinating reporting mechanisms between the World Heritage Convention and the Second Protocol (1999) of the Hague Convention (1954) for the next revision of the Operational Guidelines in 2017 and while revising the Periodic Reporting Format during the Reflection Period towards the Third Cycle of Periodic Reporting".¹¹
41. During the same session, on 25 June 2015, the Chairpersons of the Committees of the six UNESCO Culture Conventions met in a joint meeting with the Director-General of UNESCO in order to "strengthen synergies among UNESCO's culture Conventions and ensure that these conventions reinforce each other and act as a unified corpus for the fulfillment of their

complementary goals, reflecting a holistic vision”.¹² In particular, the Chairpersons invited all relevant actors to step up efforts to increase the effectiveness of the work of their governing bodies and to ensure the adequate implementation of the conventions. The Chairpersons further called for systematic efforts to continue appraising the scope and effectiveness of the culture conventions and recommended that the Chairpersons meet regularly to evaluate the progress and next steps toward achieving the common vision.

ii. Synergies with the World Heritage Convention

42. To strengthen the coordination between the Secretariat of the Hague Convention and its two Protocols and the Secretariat of the World Heritage Convention, a proposal to revise Annex 5 of the Operational Guidelines for the Implementation of the World Heritage Convention (Format for the Nominations of Properties for Inscription on the World Heritage List) was considered at the 39th session of the World Heritage Committee. The revised Operational Guidelines would allow Parties to the 1999 Second Protocol to request, if they so wish, the inscription of the nominated property on the List of Cultural Property under Enhanced Protection. This proposal was also contained in the document WHC-15/39.COM/11 on “Revision of the Operational Guidelines” prepared by the World Heritage Centre. However, the Advisory Bodies and the World Heritage Centre noted that it was not possible to present a specific proposal for this revision, and instead advised the World Heritage Committee to “examine all the different options for further developing synergies”.
43. The World Heritage Committee, by its Decision 39 COM 11, requested that “the World Heritage Centre and its Advisory Bodies, in consultation with the Secretariat of the Hague Convention (1954), consider options for further developing concrete synergies and coordinating reporting mechanisms between the World Heritage Convention and the Second Protocol (1999) of the Hague Convention (1954) for the next revision of the Operational Guidelines in 2017 and while revising the Periodic Reporting Format during the Reflection Period towards the Third Cycle of Periodic Reporting”.¹³
44. It should be noted that more detailed information on synergies between the Second Protocol and other conventions, programmes and State actors can be found in Document CLT-15/10.COM/CONF.203/4, “Development of synergies with other relevant UNESCO’s normative instruments and programmes and strengthening partnerships”, which will be discussed at the 10th Meeting of the Committee on 10-11 December 2015.

D. New Cultural Properties Inscribed to the List of Cultural Property under Enhanced Protection

45. At present, ten cultural parties from five States Parties have been inscribed to the List. In accordance with the relevant provision of the Second Protocol, the Secretariat has made the List available online.¹⁴
46. An increasing number of States have expressed their interest in enhanced protection and intend to submit requests for the granting of enhanced protection for their cultural property in

the future.

47. On 26 February 2015, the Secretariat acknowledged receipt of an official request by Egypt for the granting of enhanced protection to World Heritage site “Thebes and its Necropolis”. Although the request will not be considered by the Committee at its 10th Meeting, the Secretariat continues to work closely with the relevant Egyptian authorities to ensure completeness of the request, which will be considered by the Committee in the future.
48. On 2 March 2015, Mali became the second State (Belgium was the first in 2012) to submit to the Committee a tentative list of three cultural properties for which it intended to request the granting of enhanced protection, in accordance with Article 11(1) of the Second Protocol.¹⁵
49. On the same day, Mali submitted an official request to the Secretariat for the granting of enhanced protection to World Heritage site “Tomb of Askia”. The request was not registered by the Secretariat, however, as it was submitted after the statutory deadline of 1 March 2015, as provided in paragraph 45 of the Guidelines for the Implementation of the Second Protocol. In accordance with paragraph 45, the request will be considered during the 11th Meeting of the Committee in 2016.
50. On 2 September 2015, Bosnia and Herzegovina submitted Enhanced Protection Request Forms for two cultural properties: (i) the natural and architectural ensemble of Blagaj; and (ii) the Mehmed Paša Sokolović Bridge in Višegrad, Srpska. These requests will be considered during the 11th Meeting of the Committee in 2016.

E. International Register of Cultural Property under Special Protection

51. On 15 October 2013, Mexico requested to grant special protection to nine World Heritage sites through their inscription on the International Register of Cultural Property under Special Protection. On 19 March 2014, the Secretariat dispatched letters to High Contracting Parties to the 1954 Hague Convention informing them of Mexico’s request. Considering that no objection had been lodged against the registration of the nominated sites, the Director-General proceeded with the entry of the cultural properties in the Register on 30 March 2015.

F. Activities of the Secretariat to raise awareness on the protection of cultural property in the event of armed conflict

i. Preparation of a Military Manual on the Protection of Cultural Property in the Event of Armed Conflict for armed forces

52. The Secretariat prepared a project for preparation of the Military Manual on the Protection of Cultural Property in the Event of Armed Conflict for armed forces which may be implemented by Sanremo International Institute of Humanitarian Law (Italy).
